## Complete Peace of Mind for All of Your Solutions

### Never worry a day about your solution

Signagelive gives you a complete platform from content creation to system maintenance. Advanced installations can be achieved by simple setup. Backend data integration is also possible. The dashboard gives you complete visibility of your network and player status.

### Why wait? Choose an award winner today for your video wall!

AnyTiles video wall: AnyTiles scales infinitely without losing pixel quality by utilizing the latest "Distributed Graphics Architecture", to connect and coordinate multiple media players or controllers. Signagelive is the first software partner to support AnyTiles control through SMIL.

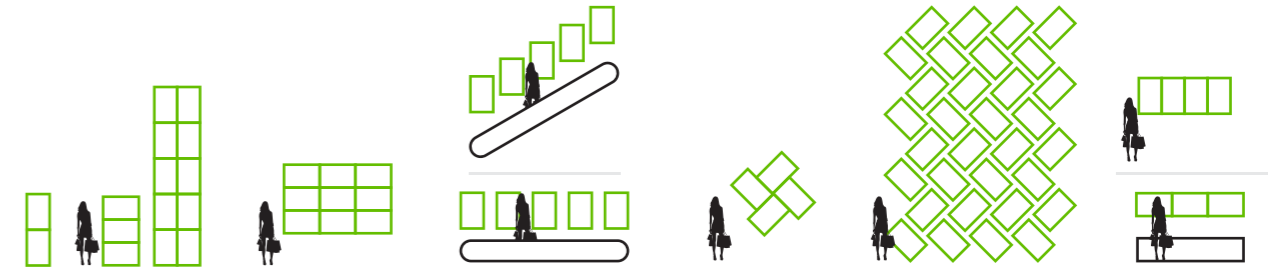

### Lift n' Learn for the best product showcase

Interactive trigger: Interactive triggered content is becoming popular in digital signage applications. Signagelive supports IAdea enhanced SMIL devices to bring LIFT n LEARN experiences to you.
