ABOUT IAdea

Founded in 2000, IAdea is an award-winning leader in the digital signage industry. They offer an extensive range of products, including room booking management panels, desk booking devices, signage media players, and device management software.

POWERING WORKPLACE EXPERIENCES AND PRODUCTIVITY

EMS scheduling software paired with IAdea room booking panels enhances your workplace operations, facility efficiency, and the employee experience.

This agile and technologically-advanced workplace solution simplifies and streamlines your employee-to-facility engagement.

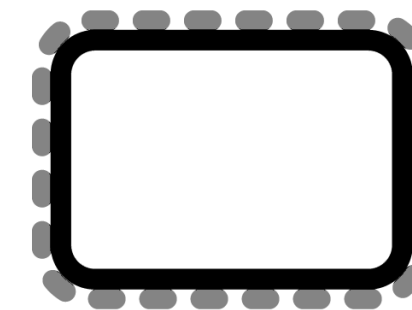

CREATING AN INTELLIGENT WORKPLACE

INCREASE OPERATIONAL EFFICIENCY: TAP. BOOK. MEET.

Remove tedious routine and keep your employees focused on what's important: their work. Advanced room booking and kiosk technology helps transform your digital workplace.

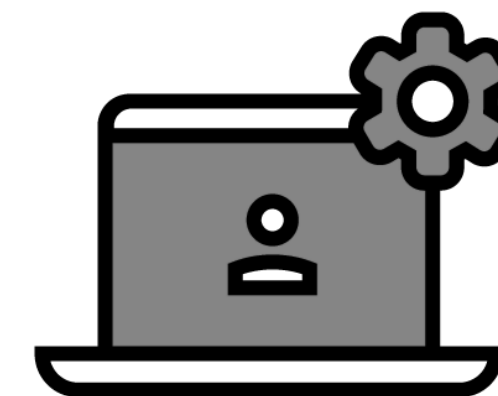

SMART IoT THAT ELEVATES WORKPLACE EXPERIENCE

Elegantly designed for the professional workplace. Perfect tool for seeing immediate room status information enabling an intelligent workspace and on-the-go booking

ENTERPRISE-GRADE SOLUTION THAT REDUCES MAINTENANCE COSTS

Purpose-built, tested, and certified room booking panels for a professional setting that runs 24/7.

FITS SEAMLESSLY WITH EXISTING ENTERPRISE SECURITY INFRASTRUCTURE

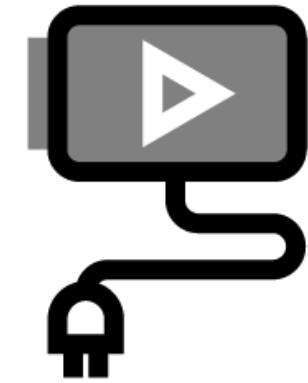

Integrates with corporate security infrastructure. Manage global deployments from any connected workstation.

THE VALUE OF AN INTEGRATED SOLUTION

ONE STOP SHOP SERVICE

Avoid managing multiple vendors and trying to integrate disparate systems. Get the solution you need from vendors you can trust.

PLUG AND PLAY DEPLOYMENT

EMS comes preloaded into IAdea hardware, facilitating a plug and play deployment quickening your time to value.

SECURE AND CERTIFIED

Certified and regularly tested by IAdea and Accruent to ensure delivery of a top-notch solution.

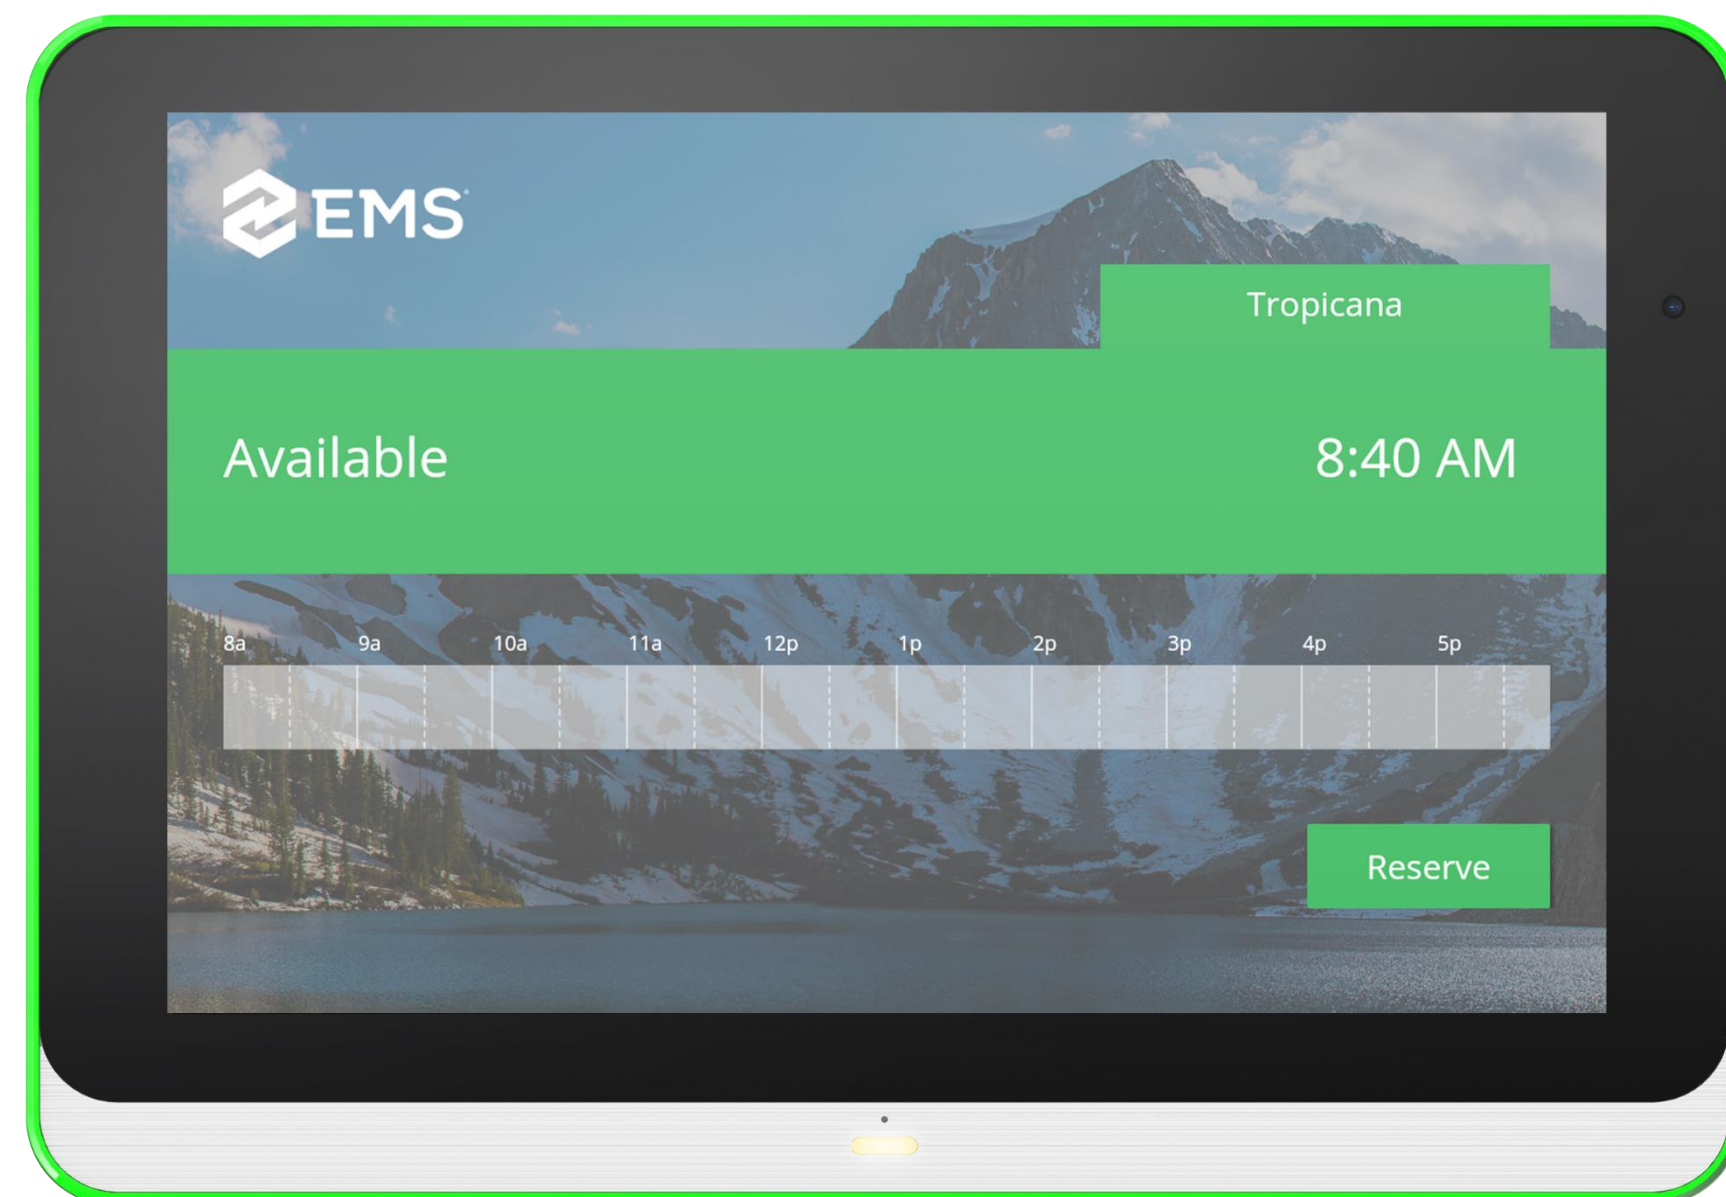

PROVEN EXPERIENCE

Over 50 years of combined experience helping customers enable intelligent workspaces.

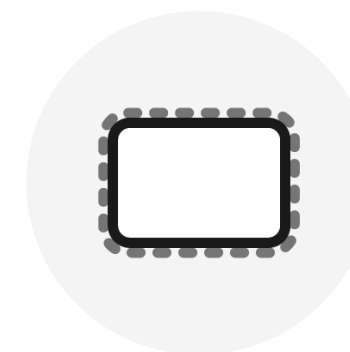

10" & 22" ENTERPRISE-GRADE ROOM PANELS

Various Screen Sizes
and Design Options

WRP:1000 Series
10" Award Winning Enterprise Room Booking Panel

Premier Design for Meeting Room Management

360° halo light gently illuminates to offers high visibility while enhancing aesthetics

Feature Rich Design for Enhanced Usability

A quick "Tap" with your mobile or ID card efficiently authenticates people who check in and out

Single Cable Installation

Single PoE cable with designated cable routes for clean, organized and versatile installation

Enterprise-Grade Security

Google Android 9, ISO27001, 802.1x, and network encryption

TWO DIFFERENT DESIGNS:

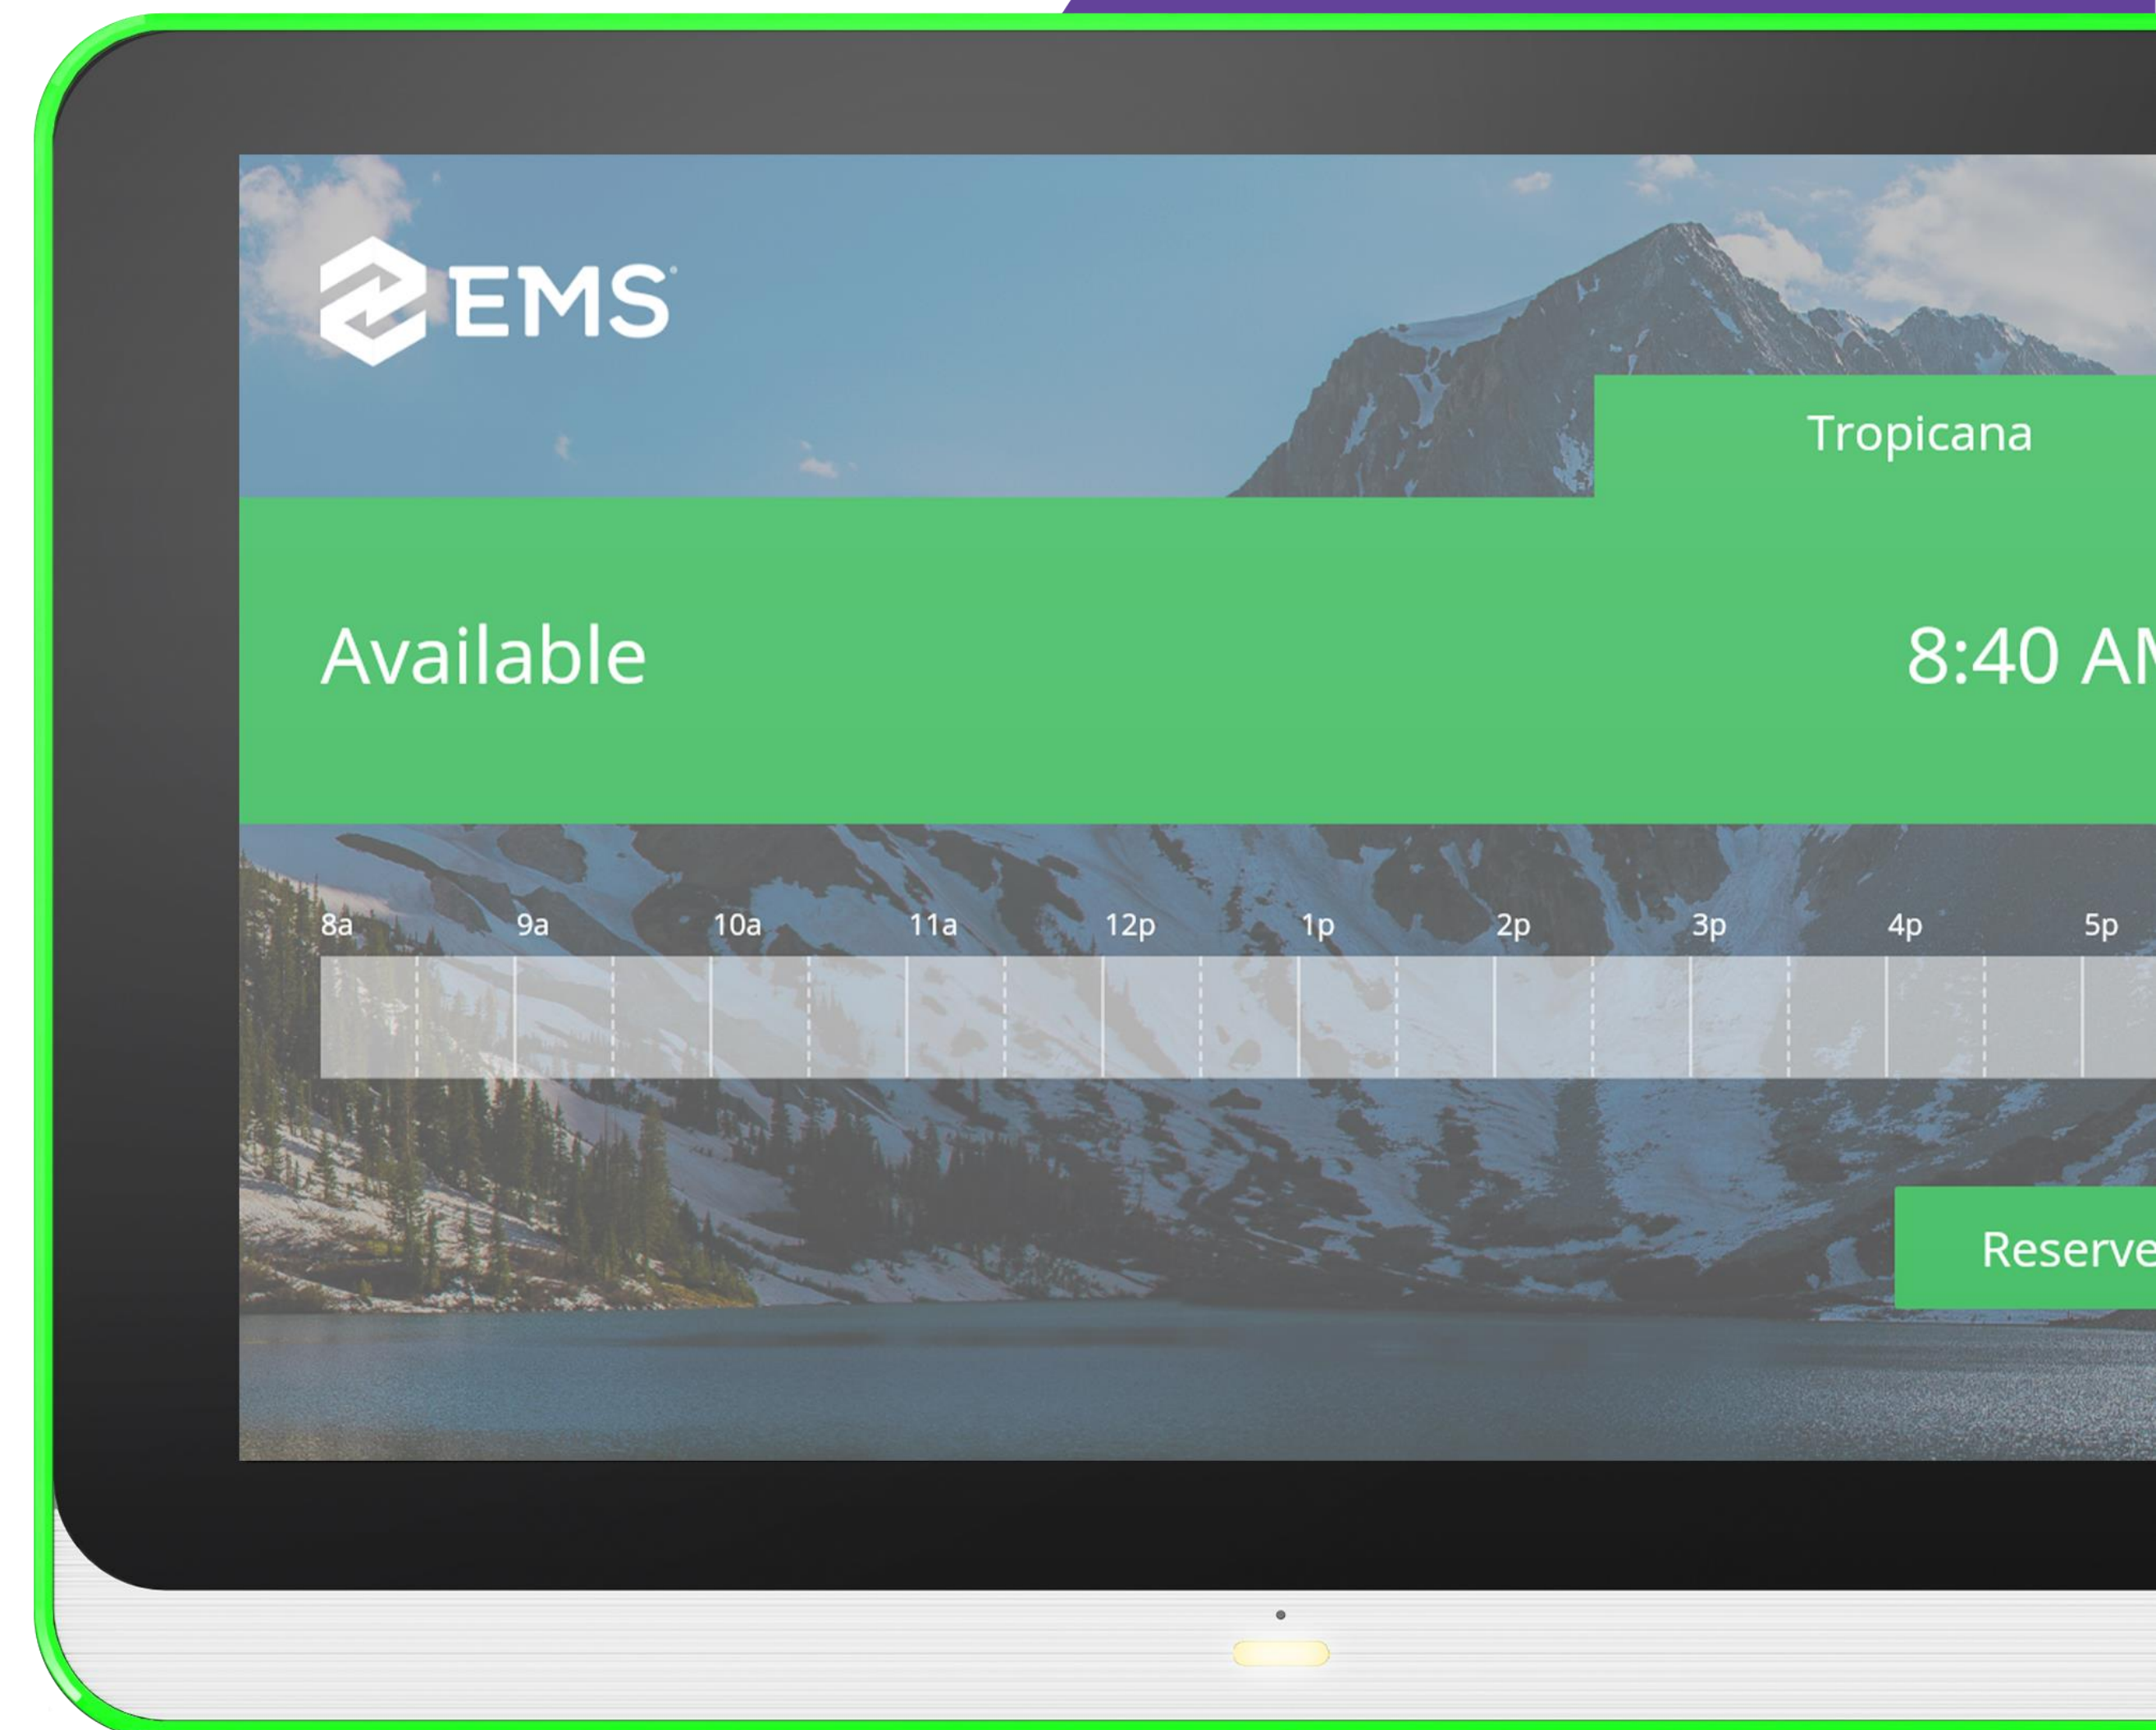

The Perfect Panel For Any Workplace Interior

CUSTOMIZABLE ROOM BOOKING EXPERIENCE

Flexible enough to facilitate a variety of integrations.

Powerful enough to meet the needs of every customer.

ENABLE TOUCHLESS CHECK IN / OUT

Use QR Codes to book via the Direct Spaces mobile app, which uses a chat-style interface to power on-the-go room booking.

COMPANY-ISSUED ID CARD AUTHENTICATION

Use ID card authentication for speedy check in/out. Supports NFC, HID Card and even HID Mobile Access.

INTEGRATED DOOR LOCK SYSTEM

Regulate access to specific spaces to prioritize safety and privacy.

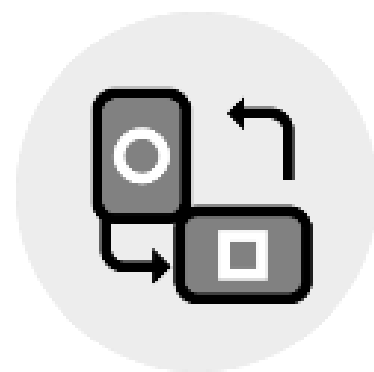

Superior Interactive Experience

Quad-core processor ensures the smoothest interactive experience. Browse through available meeting space and book the space with a few taps.

Wide View Angle

250 nits brightness for the best visual experience, even from a distance.

All-in-One Smart Design

Rotate the signage between portrait and landscape positioning to maximize the presentation of your media content.

Tempered Glass

An anti-scratch display that withstands strenuous interactive applications.

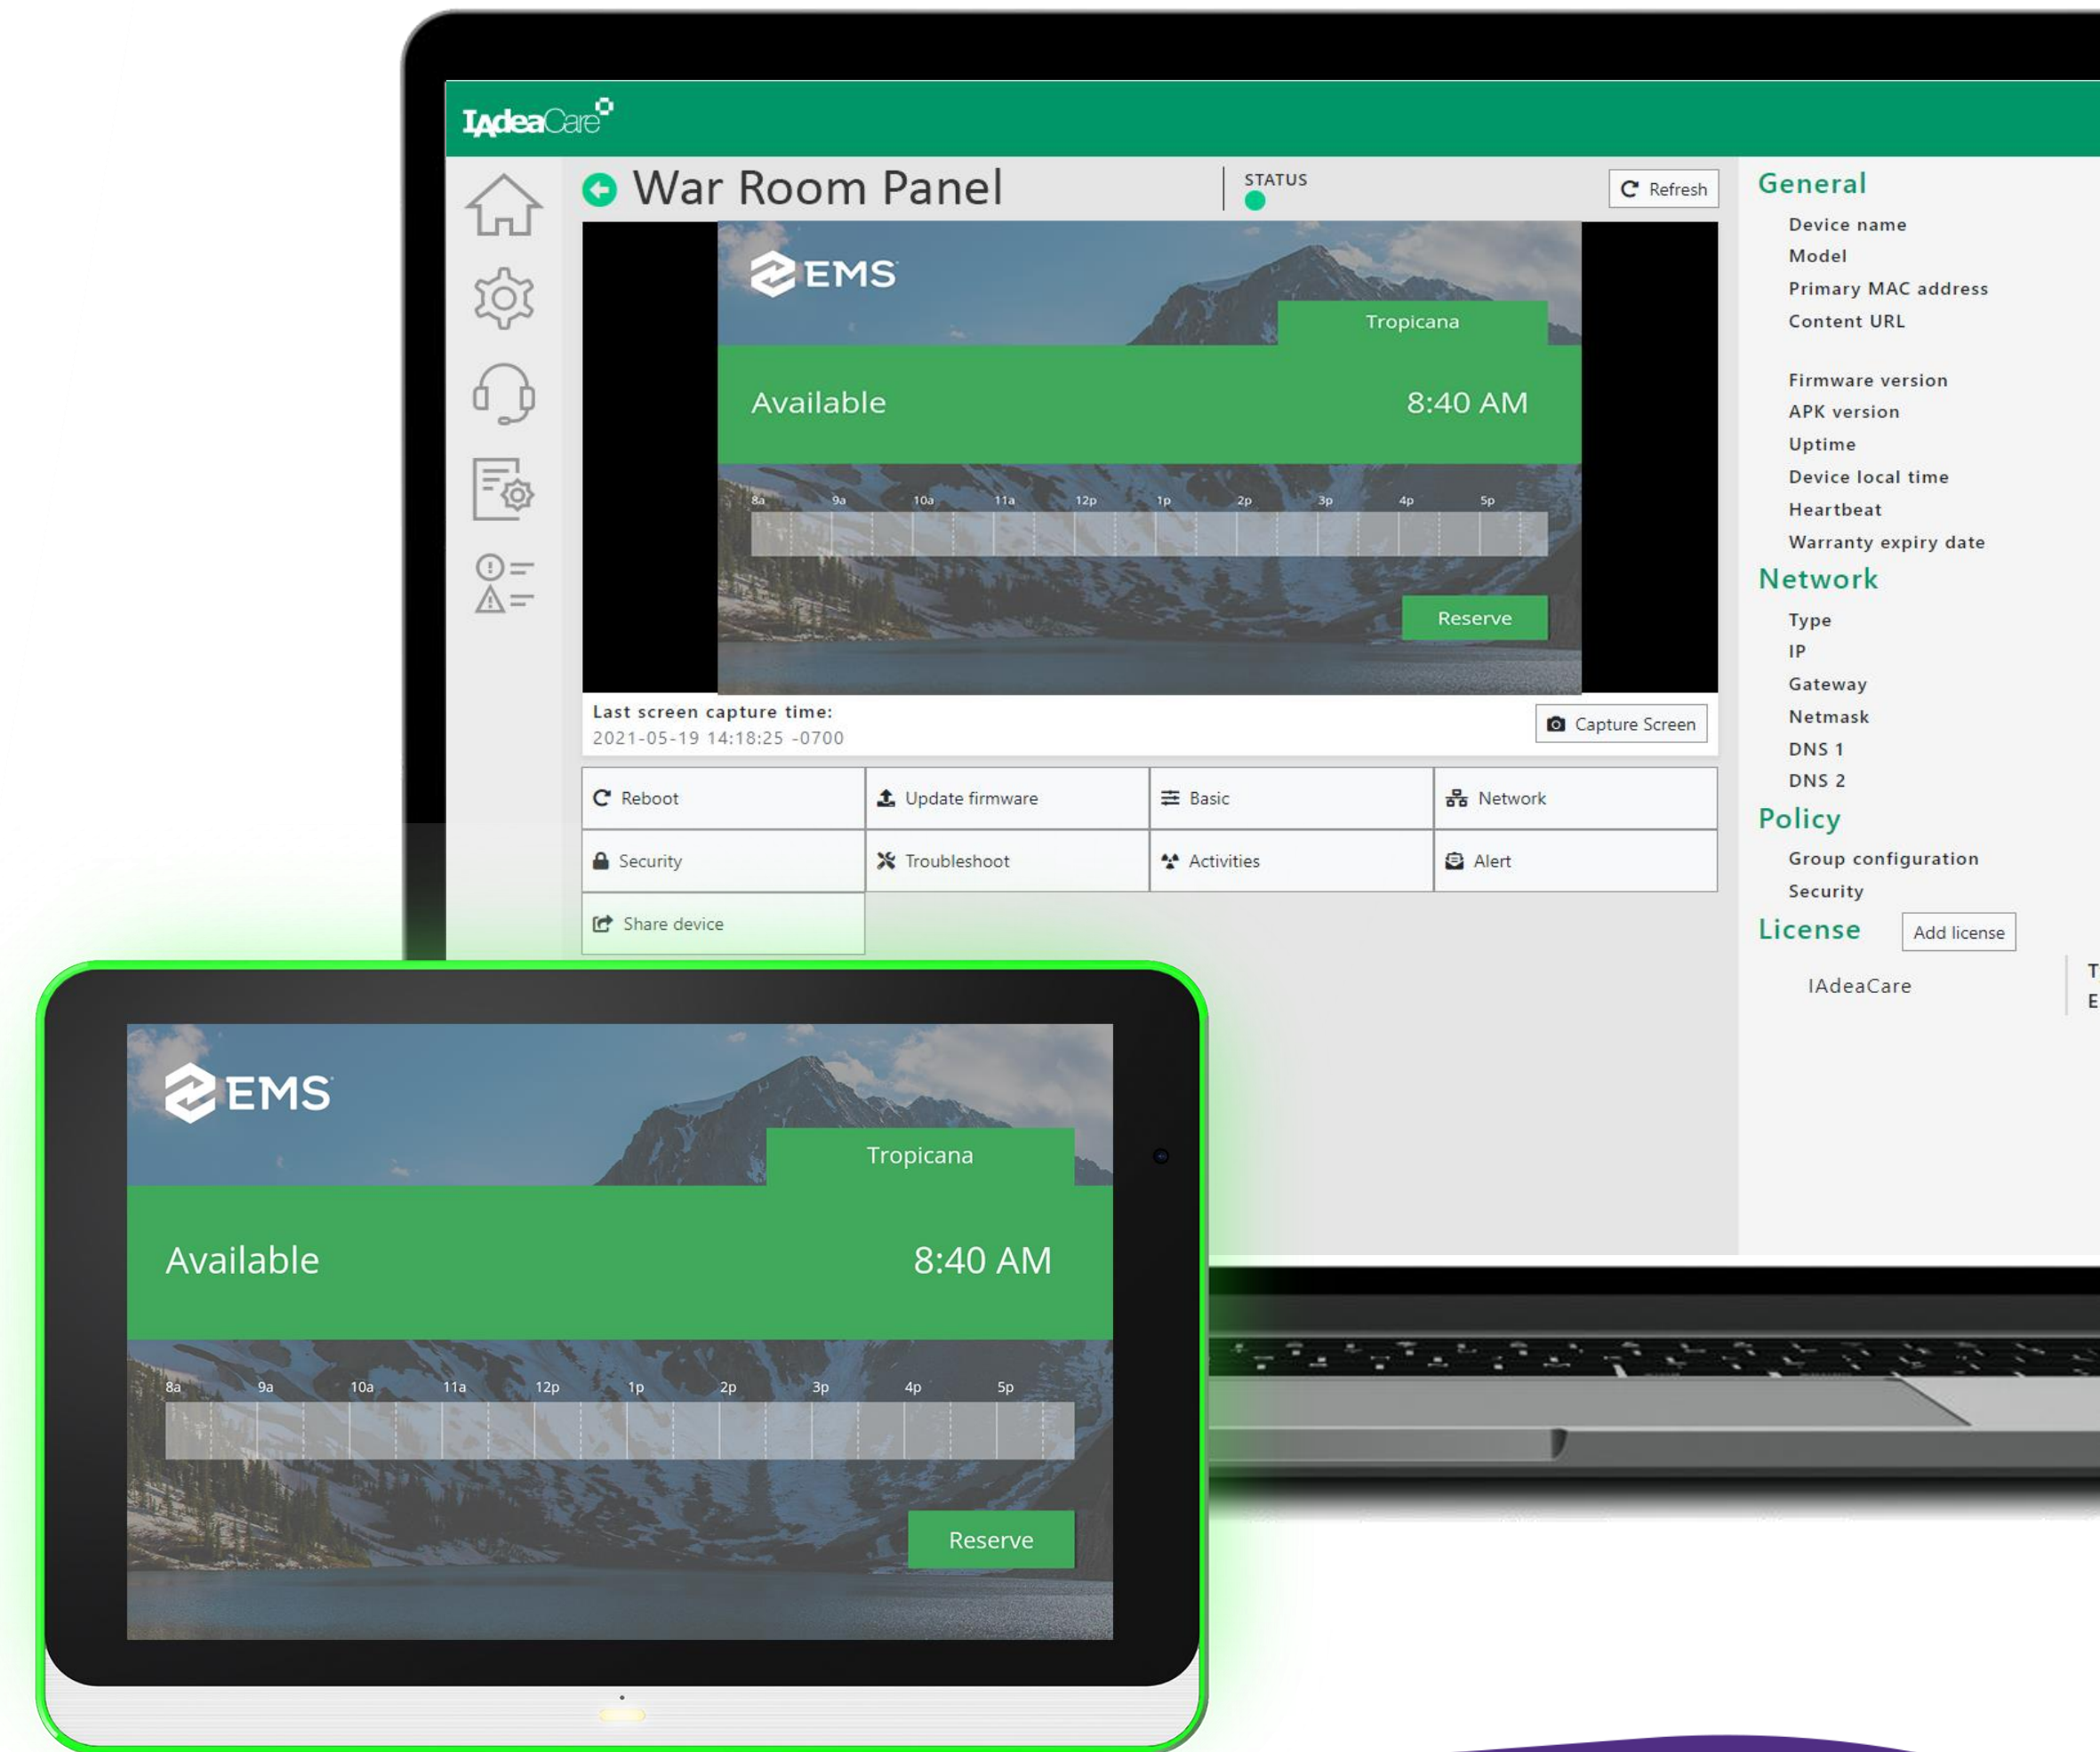

Looking for larger kiosk?

Idea Kiosk Processor for larger sized touch displays

IAdeaCare

REMOTE DEVICE MANAGEMENT PLATFORM

DEPLOY PANELS AND MANAGE FROM THE CLOUD

REMOTE DEVICE DIAGNOSTIC AND CONFIGURATION

Comfortably sit in your office chair while scheduling maintenance tasks, assigning devices, configuring network and policy details, taking playback screenshots, and rolling out silent updates across multiple devices, simultaneously. Whether you have a small local firm or a global enterprise, IAdeaCare enables device managers to communicate with all in-service devices, in batches, through a web-based platform.

CENTRALIZED ADMIN REGULATION AND NOTIFICATION

As mission-critical tools to business operations, in-service IAdea devices require protection against breaches into the network and unauthorized access to company data. IAdeaCare enables device administrators to set and change device passwords and support for screen pinning to preserve device integrity and confidential data. Device administrators can establish alerting rules to receive notifications when devices are detected as offline and take immediate action to resolve device malfunctions.

DEVICE HEALTH INSIGHTS AND STATUS UPDATES

IAdeaCare can help businesses avoid disruptions to workplace operations due to black screens by:

- Displaying device playback screenshots in grid view.
- Displaying an overview of the device network and license statuses to proactively notify device managers of malfunctions.

Businesses also have the option to generate periodic field reports at their convenience to monitor all company-owned IAdea devices.

**Private Cloud Option Available*

A MULTINATIONAL PROFESSIONAL SERVICES COMPANY

01

431 buildings
42,000 rooms

31m+ sq. ft portfolio

02

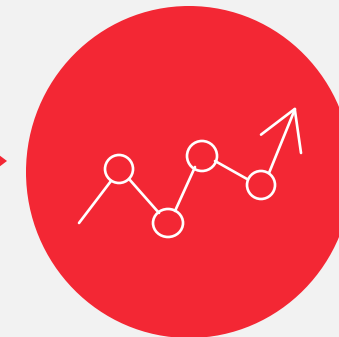

Consumer Panel Users

423,000 employees/contractors
